

PWYSAU

THE KEY TO LONG TERM
WEIGHT LOSS AND OPTIMAL HEALTH.

WEIGHT MANAGEMENT SERVICE

Arrange an appointment with one of our experienced independent prescribing pharmacists to see if weight management treatment, alongside lifestyle advice and changes, can help you achieve a healthy weight.

We have several treatment options (alongside lifestyle advice) that can help:

Brand	Xenical	Saxenda	Wegovy
Active ingredient	Orlistat	Liraglutide	Semiglutide
How does it work?	It reduces how much fat you absorb from your diet	Makes you feel fuller	Makes you feel fuller
How do I take it?	One up to three times a day with food	Self-injected pen you use once daily	Self-injected pen you use once daily
How much does it cost?	£55 for 84 capsules	Initial Pen and consultation £65* Follow-up Pens £150 for 3	One monthly pen £168
It this only available on prescription?	Yes	Yes	Yes

*Cost includes a sharps bin and needles

Note: how long each pen lasts will depend on the dosage used.

You will need to be on these treatments for a number of months with regular reviews by the pharmacists. Any long-lasting weight loss will only be achieved with longstanding lifestyle modifications alongside the use of the weight management treatments.

Please **fill in the pre-appointment form** and we will contact you within 5 working days to arrange an appointment with the independent prescribing pharmacist.
